Learn from the 2026 State Chamber of the Year

The Pennsylvania Chamber took home the 2026 State Chamber of the Year Award at the NASC/ASCP Annual Meeting in August—and now ASCP members get a closer look at what helped them earn the honor.

Join Luke Bernstein, Jon Anzur, Alex Halper, and Jewell Lester as they pull back the curtain on the Pennsylvania Chamber's past year. They'll share the initiatives, accomplishments and approaches that made a difference, along with lessons and practical ideas fellow state chamber professionals can put to work in their own organizations.

One of the best parts of ASCP is learning from people who do what we do every day. This webinar is a chance to do exactly that—and learn from a team that had an exceptional year.
